

## Felidan - One of the Most Successful Luxury Yacht Charters on the Mediterranean

Nearly a decade since its launch, Felidan has established itself as one of the most successful luxury yacht charters on the Mediterranean.

Felidan, a Benetti 35 classic, was built in 1999. For her size she offers an amazing amount of space, ingeniously designed to incorporate two tenders, water skis, wave runner, wind glider, snorkelling gear and a laser dinghy allowing you to indulge in a whole range of water sports activities. The unique attraction of this new Benetti 35 Classic results from a combination of Mediterranean flair and outstanding comfort. Yacht designer François Zuretti has designed this Italian mega yacht to the highest standards, creating one of the most elegant and luxurious masterpieces in this series to date.

With a max speed of 14 knots and a cruising speed of 12, the dynamically shaped bow cuts gently through the waves and M.S. Felidan's innovative stabilisers ensure that you will have a smooth ride at all times.

Towering more than 10 meters above the waterline, the sun deck is the ideal place to take in the breathtaking views; incorporating a heated whirlpool it is also a great place to relax beneath the protective bimini shade, which can be removed in a matter of minutes to create the perfect sunbathing spot aboard this extra special luxury yacht charter.

When the summer sun becomes too much why not relax in the sky lounge, a cosy and warm semi-enclosed area on the upper deck with a small bar, perfect for cocktails at sundown. Adjacent to the sky lounge is an equally charming open seating area with a large round dining table capable of holding eight people complete with barbecue grill.

On the opening of the great sliding doors the large and spacious aft deck almost becomes an extension of the main saloon. A number of armchairs and settees provide ample comfortable seating for over ten people. Large windows combine with the vibrant furnishings and intelligent lighting to create a faultlessly pleasant atmosphere at any time of day.

No matter whether your preference is for nouvelle cuisine or exotic Asian dishes, Felidan's professional chef is happy to put together exquisite menus of your choice. The dining area and a small bar are situated immediately next to the saloon. The generously sized table can comfortably accommodate eight people.

The exquisite master cabin extends across the entire beam of the yacht, has its own sumptuous seating area, writing desk, large plasma screen as well as its own walk-in closet. Traditionally situated on the main deck, its position ensures ease of access and a large amount of daylight. The bathroom, complete with his and hers entrances incorporating a whirlpool and central shower unit is the ultimate in luxury yacht charter sophistication.

The spacious VIP cabin features its own seating corner, writing desk and plasma TV, as well as a bathroom with bath. Two additional twin bed cabins with Hi-Fi and DVD systems are also located on the lower deck. The bathrooms have showers with a massage jet. All cabins are provided with individually adjustable air-conditioning.
