

Learn About Spain, Learn Spanish First

Are you aware that a third of the world's population today speak the Spanish language? You can travel the globe and somehow find a Spanish-language speaker to ask directions from, to ask help from and give assistance to, and to befriend and have business with. Learning Spanish, however, is most rewarding if you take the time to see its original birthplace in Spain. After all, the elements that gave Spanish its distinctiveness can best be appreciated in the midst of Spanish culture, si?

It's equally astonishing and heartwarming to know that a third of the world is able to fluently communicate in Spanish. But nothing could be more fulfilling in learning the said language than actually going to Spain.

The persons and places that compose the Spanish culture should inspire anyone to learn about the vastness of their language. English adaptations of the masterpieces of these Spanish artists and directors are available but experiencing them in their original language stimulates all of your five senses --- making the experience more rewarding.

Famous Spanish-Speaking People

One primary benefit of knowing how to speak the Spanish language is the ability to appreciate the magnificent works of famous directors, actors and artists without having to rely on hard-to-follow subtitles. A consequence of using the English adaptation of their masterpieces is the fact that some of films' original meaning are lost in translation.

Take for instance *Entre Tinieblas* and *Habla con Ella* of the Academy Award winner Pedro Almodovar. If you're fluent enough in Spanish to appreciate these movies in their original language, you'll know why such director is labeled as the enfant terrible of Spanish cinema. Again, be transported into the other part of the world through the incredible acting powers of world-class Antonio Banderas and Penelope Cruz.

The Spanish culture is also known for romanticism and passion. A prime example is the father and son partnership of Julio and Enrique Iglesias who, across time, continue to serenade the world with their ballads. Though music knows no boundaries, it would be great to sing to and understand the lyrics, si? Thus, learn Spanish now and be able to listen with all your heart and mind!

Where You Need to Be When in Spain

Travelling to Spain lets you appreciate the beauty of the country, its people, and its language.

Treat the party animal in you by visiting Ibiza. Acquaint yourself to a different kind of partying, ever heard of disco sunrises? Shake your bon-bon to famous international hits and choose from a variety of parties ranging from foam to water parties. Ibiza is not just all fun as it also hosts World Heritage sites.

If you're into structures and architectural wonder, visit Cordoba. It outlines a number of ancient ruins, religious buildings such as the Mezquita, and civil and military buildings like the Palace of Viana. Barcelona and Madrid are also known for their historical spots and jaw-dropping architecture.

True, you may visit these wonderful places without having to learn Spanish but this puts you among the average tourists. So why not be among those who are more than ordinary? Otherwise, you'll just be adding to the population of those who go to Spain not having a bagful of Spanish phrases.

Food and wine are among the passions of the Spaniards. Who could ever forget siesta? Oh yes, while mingling with the warm Spaniards during meals, you may also take this chance to learn Spanish firsthand. After all, nothing beats learning the language from the masters themselves. Of course, you cannot enjoy all these if you don't treat yourself with a trip to Spain.

Need we also mention the numerous Spanish holidays? There you can pamper yourself with your epicurean tastes for Spanish wine and food, surround yourself with good Spaniards who will teach you the nuances of their culture, and have a good time while you learn Spanish. So, you still think learning Spanish is complicated? Not when you're in Spain!
