

Enjoy Cheap Cruises

Many cruise companies offer cheap cruises and reduce the prices for late bookings, cabin only deals and cruises with a short duration.

Cheap cruises on offer include 'week-end get aways' which hop across the English Channel departing from Dover and arriving in Antwerp overnight. The vessel has all the basic necessities, such as restaurants and bars, a gym, library and shops to browse, making these cruise deals a great mini break, with time to unwind and relax without breaking the bank.

Cruises across the North Sea departing from Leith, sailing through the night and arriving in Lerwick in time for morning coffee, the rest of the day can be spent discovering this beautiful area of Scotland before re-boarding the ship to sail during the night arriving in the breathtaking Western Fjords and the delightful city of Bergen. The itinerary includes plenty of personal time throughout the day and evening to explore the city and the surrounding scenic Fjord area. The ship leaves the port of Bergen in the late evening to begin the return sailing. The last day is spent at sea enjoying the amenities of the vessel and relaxing. Meals are offered in two different restaurants, the evening can be spent enjoying drinks with new found friends or in the casino.

This type of cheap cruise makes the cruising experience very affordable and are an excellent way to see whether 'life at sea' is agreeable before embarking on a future longer duration cruise, although it should be noted that with some cheap deals not all of the usual cruise facilities are available. The vessels are up to date and modern, with spacious relaxation areas. As the sailing is predominately through the night, evening entertainment is not always available, which is ideal for those who prefer a more sedate, personal cruise experience. Cabin only cruises are ideal those who prefer to make their own arrangements for dining and making their own entertainment.

Royal Caribbean cruises offer a great deal on 4 night short break cruises. Boarding the vessel in the port of Stockholm the itinerary begins with a day cruising the Fjords and taking in the breath taking scenery while becoming accustomed to the layout of the ship. The ship arrives at Visby, Sweden and remains in the port for a day, giving plenty of personal time to discover the local and surrounding area, before departing and sailing to Norway. Passengers find their own way to and from the departure and arrival ports, usually cheap flights are available from UK airports. Royal Caribbean's cruise ship 'The Vision of the Sea' is ideal for this mini cruise and boasts numerous windows which allow the spectacular Fjords to be seen throughout the sailing. This cruise ship has many luxury facilities including six whirlpools, eight bars and lounges, a health spa and different sports options. Different deck and cabin choices, including staterooms and suites which include separate living areas, balconies and mini bar, the Royal Family suite also includes two bathrooms, are all available within the special deal price making this luxury cruise excellent value for money.
