

Icon Offroad Apparel: A Range of Exclusive Motorcycle Jackets and MX Gear

If you have ever wanted a world of motocross apparel all available under one single brand then that brand would have to be Icon. Right from sophisticated and durable motorcycle jackets to motocross boots that redefine elegance and comfort to the numerous motocross accessories like gloves, caps etc. you can take your pick accordingly!

Exclusive motorcycle jackets

The range of motorcycle jackets from Icon is truly fantastic. Their jackets have been designed keeping in mind the comfort, fit and durability for the wearer. These motorcycle jackets have been designed for men and women and come in various styles. For example, the women's line of jackets comes in the very popular Bombshell, Gogo, Hooligan and Rogue styles. With pretty colors like pink, blue, tan, white, purple and many exciting shades to choose from it is no surprise that these motorcycle jackets sell fast amongst women motocross riders! The men too need not be left behind as Icon has an amazing line-up of jackets for them too. Available in beautiful rich tones like black, blue, green, red, white, yellow and fluorescent yellow these motorcycle jackets are meant to make heads turn! Amongst the men's collections of jackets the most popular styles are the Arc and Daytona styles. Combining the perfect blend of form and functionality these motorcycle jackets have aggressively cut exteriors and have been tested using 'hot rod' materials on them. The leather used in these jackets are resistant to abrasions and other damages. Gathered expansion panels have been used on the nylon core region which provides free movement of the body. The tactical thermal plastic rubber implants help to provide these motorcycle jackets a tough exterior which is hard to rival.

Motocross boots for men and women

The collection of motocross boots from Icon is collectively designed for men and women. Amongst the men's collection of boots the Superduty styles are the most popular and are available in black colors. These offer free movement and come with secure and highly comfort fitting interiors. The leather upper and casual styling make for a snug fit and durable wear. The aluminum positive lock buckle, rubber outsole which is resistant to slippage and ankle padding with 3D mesh on it all make for a fabulous pair of motocross boots which are hard to resist! The women's collection of these motorcycle boots are also very much in demand with styles like Bombshell, Superduty and Standard being extremely popular. These motocross boots predominantly come in black and white colors. The cowhide leather chassis and insole padding along with protection plates on metal heels and a ribbed calf expansion panel all add to the security and protection features of these motorcycle boots. The off and on closure system is very easy and secure in nature. There are also internal buckle designs and manage-a-quad designs on the buckle which aids in the effectiveness of using these motorcycle boots even in the toughest of terrains. Icon has truly shown the world that when it comes to motocross apparel they are the best!
